Company Profile

ON Semiconductor (Nasdaq: ON) is driving energy efficient innovations, empowering customers to reduce global energy use. The company is a leading supplier of semiconductor-based solutions, offering a comprehensive portfolio of energy efficient connectivity, sensing, power management, analog, logic, timing, discrete, and custom devices. The company's products help engineers solve their unique design challenges in automotive, communications, computing, consumer, industrial, medical and aerospace/defense applications. ON Semiconductor operates a responsive, reliable, world-class supply chain and quality program, and a network of manufacturing facilities, sales offices and design centers in key markets throughout North America, Europe, and the Asia Pacific regions.

2017 Revenue - \$5.388 billion
2Q18 Revenue - \$1456 million

2Q18 Revenue by Market Segment

31% Automotive
17% Communications
10% Computing
14% Consumer
28% Industrial/Aero-Defense/Medical

2Q18 Revenue by Regional Split

15% Americas
61% Asia Pacific
17% Europe
7% Japan

Executive Management

Keith Jackson, President, Chief Executive Officer

Bernard Gutmann, Executive VP, Chief Financial Officer

Bill Schromm, Executive VP, Chief Operating Officer

Paul Rolls, Executive VP, Sales and Marketing
